

# Guest 19/09 Card

Welcome to *Virginia Country Club*, established in 1909!

We are honored to have you as a guest today. We take tremendous pride in our property and the culture of our Club. Below are some items of note that will be helpful throughout your visit.

- When you arrive, please park in any available spot in our parking lot. Feel free to take your golf bag out and place it behind your car. A Player Services Associate will be by to get you set up in a golf cart.
- Proceed to the Locker Room to change your shoes – please do not change in the parking lot. We have guest lockers available if you have any belongings to store.
- For gents, shirts must always remain tucked in. Hats must be worn with the bill forward and must be removed while inside the Clubhouse.
- Please place your phone on silent or vibrate while you are on the property. Phone calls are not permitted (except inside the Locker Rooms).

- If you would like to use The Ranch practice facilities, please check in with our Player Services Staff and they will provide directions to get there via golf cart.
- Pace of play is important to us. Please keep up with the group in front of you.
- Please help us to take care of our golf course by properly fixing ball marks, raking bunkers, filling your divots, and avoid driving your golf cart in the rough.

If you have any questions, please do not hesitate to ask any of our team members. Thank you for visiting us and we hope you have an amazing experience at *Virginia Country Club*.

*Thank You*
